<u>CASE #</u>	<u>ORIGINATION DATE</u>	<u>REQUESTER NAME</u>	<u>REQUEST SUBJECT</u>	<u>DISPOSITION</u>
78511	11-Jul-2014	SHAHIN MIAH	<p>Civil Rights - Q1. From 1950's to present, there have been numerous assassinations of various high profile leaders, especially those of African origin. On the morning of December 4th 1969, Chairman of the Black Panther Party, Fred Hampton (21 years old) was assassinated by government officials which included local state Chicago Police Dept and the FBI were responsible, but direct orders were given from the White House, J. Edgar Hoover. Why was there no trial for this case and no one punishment for this crime. Q2. Civil rights leader Malcolm X, was fighting for freedom of equality yet in this particular period he was being bullied, followed and bugged by government depts yet he never reacted violently to anyone, nor seen as any kind of threat, yet ultimately the fbi were guilty of crimes such as threatening, ignoring requests for assistance on urgent matters which led to his death yet the government has yet to take any kind of responsibility. My question is-what was the ideology behind this behavior from the government and what kind of surveillance strategy does the government hold today ie. what data do you hold on people, how do you for see an individual as a threat. Q3. The assassinations of Robert F Kennedy and Rev. Martin Luther King was concluded as a result of conspiracy yet no one has been held responsible and there have been no coverage or rational behind these terrible crimes - however, should the situation not be classified as a crime? Will the general public see any kind of justice to these? Why can't the government be accountable for the crimes they commit themselves? Q4. The Select Committee who investigated the assassination of JFK, were chosen by the CIA, the Warren Commission Report was also left to be approved by the CIA, effectively this would mean that the CIA should have written their own accounts of the incident as 1 bullet could have never did what was reported to have done that particular day, how can this be justified as transparent? International Warfare: Q1. George W Bush, used various reasons behind the invasion of Iraq and Afghanistan. What is the official reason behind this conflict? Q2. Are there any figures of the number of soldiers and civilians killed in these conflicts? Q3. Why does the American Government not see Israel as any kind of threat? 9/11: Q1. How did WTC building collapse as it did when it was not even touched in the "attack"? Q2. Why was WTC building 7 reported on mainstream media that it collapsed yet it didn't at the time it was being reported? Q3. There have been numerous evidence that the building collapse of all towers being a controlled demolition, why has this not even been taken into consideration?</p>	Improper FOIA Request

79254	26-Sep-2014	JOSEPH ENGE	The dynamics of Soviet military mobilization during the August 1991 coup of August 19, 20, and 21st. My objective is to quantify the number of Soviet military units that were called out during the three days of the declared State of Emergency. In addition to the coup's military mobilization in the Soviet Union in general, I am looking at the dynamics in the Baltic states. As such, I would like information on the Soviet military units stationed in the Baltics according to our intelligence and the number that mobilized into the Baltics. There was clearly a breakdown of Soviet command and control during the August 1991 coup. How that breakdown was recorded and analyzed by the NSA during this period is of particular interest.
